

# BUNGA FAIRUZ WIJDAN

Software Developer

bungafairuzzz@gmail.com | 0895346232123 | Jakarta, Indonesia

## SUMMARY

Software Developer with experience in backend and fullstack development using Laravel, Spring Boot, and Next.js. Fast learner with strong problem-solving skills, adaptable to new technologies and environments, and able to work effectively under pressure both independently and within a team.

## WORK EXPERIENCE

### PT. Indocyber Global Teknologi – Software Developer Jan 2024 – Present

- FIFGROUP Project: Developed and maintained chatbot conversation flows using Java and 3Dolphins platform to support client customer service interactions.
- Developer at BNI: Built and maintained website landing pages and CMS features using Spring Boot and Next.js, integrated APIs from multiple internal divisions, and supported User Acceptance Testing (UAT).
- PLN Project: Customized and enhanced existing Laravel applications, performed Excel-to-database data mapping with PostgreSQL, and implemented security standard requirements and unit testing.

### Go Panda Games – Programmer Nov 2022 – Des 2023

- Developed browser-based kids games using Haxe and Adobe Flash, exported to HTML5/JavaScript for web platforms such as Y8 and Friv.
- Applied strong Object-Oriented Programming (OOP) principles to build reusable and maintainable game systems, including gameplay mechanics, animations, and user interactions.
- Collaborated with illustrators and designers to integrate visual assets, sound effects, and responsive controls while optimizing game performance and user experience.

### PT. Suitmedia Kreasi Indonesia – Back End Developer (Internship) Feb 2022 – Jul 2022

- Developed backend features for omnichannel applications using PHP Laravel to support client business operations and marketplace integration.
- Built and optimized database queries based on system requirements to ensure efficient data processing and integration.

## EDUCATION

### Bachelor of Informatics Engineering Aug 2019 – Aug 2023

Sepuluh Nopember Institute of Technology

- Final CGPA: 3.65
- Activities: UAV Research Team Member at Bayucaraka ITS and Teaching Assistant for Programming & Data Structures courses

## KEY SKILLS

- Java Spring Boot
- PHP Laravel
- REST API
- Next.js
- HTML CSS JavaScript
- C C++
- MySQL PostgreSQL
- Git
- OOP
- Problem Solving
- Adaptability
- Team Collaboration
